WE SOLICIT YOUR BUSINESS

INVITE CORRESPONDENCE AND
INSPECTION OF OUR STOCK

OUR TERMS ARE AS FOLLOWS:

PRICES—This list is intended for those "in the trade" only and prices herein are net F. O. B. West Grove and supersede previous issues. We reserve the right to advance prices without notice. We sell 250 of a kind, at 1000 rate, 25 at 100 rate and 5 at 10 rate. We have abundant testimony from purchasers who are pleased with our goods which make good.

PACKING—We not only grow good stock, but packing also has the personal attention of our Secretary who "knows how." We pack in boxes or bales and charge for only the cost of material on basis of schedule below.

TERMS—We are glad to grant 30 to 60 days time for payment of bills to all responsible parties, but parties we do not know, who have no commercial rating, must send remittance with order, or a guarantee signed by some bank or someone of known responsibility to be sure of securing goods selected. If references are sent, we will confer with them and after hearing favorably, if goods selected are still unsold, we will enter the order as requested, but we will not enter orders or ship goods until we know the customer is responsible.

COMPLAINTS—Should there be any reason for complaint, we must be notified on receipt of goods, otherwise we cannot entertain it. We make it a point to give all reasonable claims proper consideration.

ORDERS—Are accepted on condition that they shall be void should any injury befall the stock from frost, or other cause over which we have no control.

VARIETIES—In ordering please state whether or not substitution will be permitted in case we should be short of any sort wanted.

GUARANTEE OF GENUINENESS—While we exercise the greatest care to have all our plants genuine and reliable, and hold ourselves prepared to replace on proper proof, all that prove untrue, we do not give any warranty, expressed or implied; and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the stock.

We guarantee all our stock to be in good condition on leaving our hands, but we do not guarantee it to grow under all conditions, nor do we make up any loss whatever due to climate effects, or after culture on the part of the purchaser, and the risks of transportation are to be borne by purchaser.

TO OUR CUSTOMERS—On all orders placed with us, stock is sold at the nurseries without freight allowance. The plants become your property upon delivery of them to the Transportation Co., and we cannot be responsible for loss, damage or delay in transit. Your recourse is with the Transportation Co., and not with us. If plants arrive in bad condition, before receipting for them, require the Station Agent to note same on the freight or express receipt, then make your claim on the Transportation Co. If you accept shipments short of what is enumerated on our invoice, or in bad condition without proper notation on freight or express receipt, the loss will be yours. Every assistance in our power will be cheerfully rendered you to trace and recover lost goods and collect damages.

BOXING—Boxing cost is charged on following basis:

SIZE IN FEET	PRICE	SIZE IN FEET	PRICE
10 x 2½ x 2½	\$4.50	5 x 2½ x 2½	\$2.50
10 x 1½ x 1½	2.75	4 x 2½ x 2½	2.10

Some people say we have put this rose on the map. Of one thing we are certain, it surely has come to stay.

Prized for its very early bloom, for it keeps the Tulips company. One of the first refreshing glimpses of spring after dreary Winter. Where they prize it most of all is in the cold countries where other Roses freeze. Earnest Hemming, Editor of National Nurserymen, reported it standing unharmed through a winter that had killed Harison's Yellow.

L. H. Lake, of Marshfield, Wisconsin sent us three branches fully leafed out after standing a "Winter of 40 degrees below zero 3 times."

We have some of the finest plants we've ever sent out.

"It is an upright-growing shrub with slender and spreading branches on which the fragrant flowers are borne in yard-long sprays of soft yellow. As I write in mid-November, the foliage is still on the shrub and has assumed a dark purple tint."—Report by Plant Explorer E. H. Wilson of the Arnold Arboretum, where this wonderful Rose may be seen blooming early in May.
